

Cadets of 902,

c/Lt Col Carroll & 1Lt Kase

of you are assets to the squadron. In the future, some changes are within sight and will be beneficial to you as cadets. In order to get the full benefit, I ask that each of you grab hold of them and run.

I am very pleased with the improvements in the squadron since I have taken command. The staff and I have recognized that some of you are well on your way to becoming part of the squadrons leadership structure, and all

The run may not be easy for some of you, however, keep working

because nothing is unachievable. CAP and especially 902 offers more than you can possibly imagine and everyone can get something out of it. As someone who as experienced much of the program, I suggest to everyone that you study for your tests, get promoted, attend all activities, and always work to better yourselves. I encourage all of you to set your sights high and aim for something that is just within reach. Remember, the staff is here for you and please do not hesitate to ask for anything you need.
